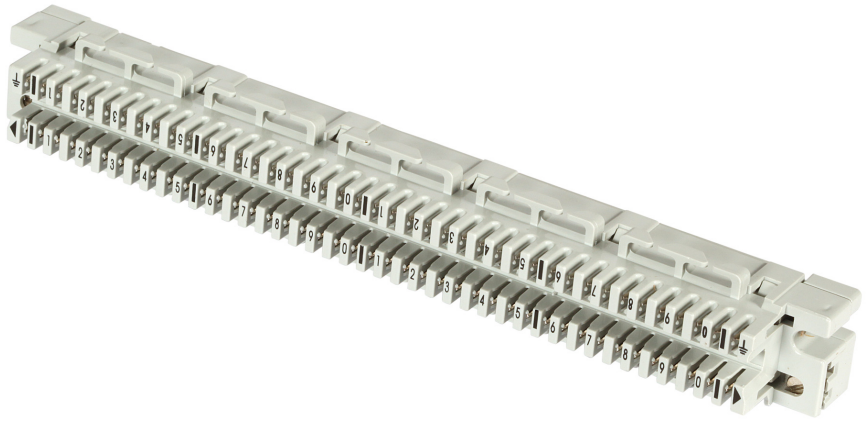
DATASHEET

LSA-connection module 1/20 20pairs



General data

Connection Module with LSA terminal according to DIN 41611-6 for mounting on LSA Backmount Frames
For copper cores with a diameter of 0.4 – 0.8mm
Printed with numbers 2 x 1..10
For screw fastening
Fixing dimension 170 mm
Working temperature -20°C to 80°C

Technical properties

Built-in possibility for over voltage protection	False
Colour	grey
Connection type	LSA Plus
Model	Connection strip
Mounting dimension	170 mm

Available variants

ArtNr.	Bezeichnung	With colour code	With strip code	Max. number of dual cores
46001.1V2	LSA-connection module 1/20 20pairs	False	True	20

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.

This datasheet was created automatically on 24-11-2026 . Technical changes reserved.
