DATASHEET

Central plate 45x45mm for 1 keystone, outlet slanted

General data

This white central plate from EFB-Elektronik is designed in the format 45 x 45 mm and is intended for a keystone module. The angled outlet and the hinged lid combine a compact design with a practical front solution.

• Format 45 x 45 mm for 1 keystone module – Enables compact integration into suitable installation concepts and makes efficient use of the available space.
• Angled outlet with hinged lid – Supports orderly cable routing and protects the connection area in everyday life.
• White finish with dust cover – Provides a discreet appearance and contributes to a protected module mount.

The version is designed for clamp mounting in other types of mounting and remains compact with a width of 45 mm, a height of 45 mm and a depth of 27.5 mm. The solution is complemented by a dust cover and a design without a labelling field. The connection unit is designed as a TAE and the holder is intended for keystone.

Technical details
• Brand: EFB-Elektronik
• Connection unit: TAE
• Holder for: Keystone
• Suitable for number of bushings/couplings: 1
• Colour: white
• Device width: 45 mm
• Device height: 45 mm
• Device depth: 27.5 mm
• Mounting type: other
• Mounting type: clamp attachment
• With hinged lid: Yes
• With dust cover: Yes
• Labelling field: without label field

DATASHEET

Central plate 45x45mm for 1 keystone, outlet slanted

Assembly arrangement	Central cover plate
Connection unit	TAE
Design-compatible	No
Halogen free	False
Imprintable label	without indication field
Material	Plastic
Mounting method	Other
Receptacle for	Keystone
Support ring	False
Temperature	0 - 60° °C
Type of fastening	mounting with claw
With dust cover	True
With hinged lid	True
With imprint	False

Available variants

ArtNr.	Bezeichnung	Colour	Depth of device	Height of device	RAL-number (similar)	Suitable for number of connectors	Width of device	With buses/couplings
ET-25027	Central plate 45x45mm for 1 keystone, outlet slanted	white	27.5 mm	45 mm	9010	1	45 mm	False

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.
