EFB ELEKTRONIK

PPWR compliance of packaging for our third-party brand products

EFB-Elektronik GmbH
Striegauer Straße 1
D-33719 Bielefeld

In addition to products of our own brands, EFB-Elektronik GmbH also sells branded products from other manufacturers and importers based in the European Union (hereinafter referred to as "thirdparty brand products")
For the packaging of these third-party brand products, EFB-Elektronik GmbH has obtained confirmation from the respective responsible manufacturers or importers that this packaging meets the requirements of Regulation (EU) 2025/40 on Packaging and Packaging Waste (PPWR).
Limitation of liability: The following information is based exclusively on the declarations of the respective manufacturers or importers of the third-party brand products. EFB-Elektronik GmbH has not verified this information through its own technical examination, analysis or laboratory tests and does not assume any warranty for its accuracy or completeness in this respect. EFB-Elektronik GmbH passes on this information to its customers as a mere forwarding of third-party information. The sole responsibility for the legal conformity of the packaging of the third-party branded products as well as for the correctness of the declarations made in this regard remains with the respective responsible manufacturers or importers. Any claims due to inaccuracy of this information must be asserted primarily against the respective manufacturer or importer.
According to the available manufacturer's information, the packaging of third-party brand products complies with the European Union legislation in force at the time of this declaration with regard to harmonisation as follows:

- Requirements of Article 5 of Regulation (EU) 2025/40 regarding the limitation of the sum of the concentrations of lead (Pb), cadmium (Cd), mercury (Hg), and hexavalent chromium (Cr VI) to a maximum of 100 mg/kg (0.01% by weight).
- Requirements of Regulation (EC) No. 1907/2006 (REACH)
- Regarding the requirement of Article 6 of Regulation (EU) 2025/40: Article 6 requires the recyclability of all packaging. Recyclability within the meaning of the PPWR has not yet been described at the time of writing. However, the packaging materials of third-party brand products are recyclable according to the state of the art.

Responsibility for the legal conformity of the packaging of third-party branded products remains with the respective responsible manufacturers or importers.
