

CUSTOMIZED SOLUTIONS

FOR YOUR CABLE ASSEMBLY

YOUR DATA NETWORK PROFESSIONAL WITH PERSONALITY

Let us write success stories together: With suitable products and systems, we bring your projects to life - from IT building cabling to data centres and industrial system solutions. We have been at your side for over 30 years. Fast. Reliable. Personal.

As a trading company, we are one of the leading network specialists for structured IT infrastructure. In addition, we are able to manufacture individual products with our own copper cabling and fiber optic production facilities.

We are proud to count 330 employees at nine locations throughout Europe among the EFB team. In addition to numerous sales locations in Germany, we have subsidiaries in Istanbul, Copenhagen and Vienna as well as production sites in Germany and Slovakia. Our customers benefit from an international network in which we operate as a member of the powerful TKH Group.
