Full Metal Cover DTZK 15-K

General data

The D-Sub full metal hood E-DTZK 15-K from EFB-Elektronik is designed as a full metal hood in silver design for 15-pin connectors. With a 180° cable outlet and straight cable entry, it is suitable for compact connection solutions in technical applications.

- Full metal hood in silver finish
- Suitable for 15-pin D-Sub connectors
- Cable outlet 180° with straight cable entry

The material zinc die casting supports a robust and practical protection solution for technical applications where a stable cover for D-Sub interfaces is required. The temperature range of -40 – 120 °C and the maximum cable diameter of 13 mm take into account common cables and facilitate integration into existing systems.
