DATASHEET

Full Metal Cover 180°, E-MHDM 15-K

General data

The D-Sub full metal hood silver E-MHDM 15-K from EFB-Elektronik is designed as a full metal hood made of die-cast zinc for 15-pin connectors. With a 180° cable outlet and straight cable entry, it is suitable for compact and standard-compliant cable connections in technical applications.

- Full metal design made of die-cast zinc in silver color
- Suitable for 15-pin D-Sub connectors
- 180° cable outlet with straight cable entry for space-saving connections

The material zinc die casting supports a robust and practical protection solution for D-Sub interfaces where a stable cover is required. The temperature range of -40 to 120 °C and the maximum cable diameter of 13 mm take into account more demanding operating conditions and common cables.

Technical details
- Type: E-MHDM 15-K
- Material: Zinc die casting
- Colour: silver
- Suitable for Number of Poles: 15
- Cable entry: straight
- Temperature range: -40 – 120 °C
- Max. cable diameter: 13 mm
- Brand: EFB-Elektronik

Technical properties

Locking mechanism	Screw
Material	zinc die-cast
Separable	True
Temperature range	-40 – 120 °C
