DATASHEET

RJ45 blind plug black, PU 100

General data

The black RJ45 blind plug from EFB-Elektronik is designed as a blind plug made of PVC. It is suitable for RJ45 sockets and supports practical coverage in technical applications.

- Black finish – Allows for unobtrusive integration into existing installations and provides a consistent appearance.
- Suitable for RJ45 jacks – Provides a suitable cover for open jacks in the field of network technology.
- PVC as a material – Supports a fit-for-purpose design for everyday technical use.

The PVC forms the basis for a functional protection solution in the vicinity of RJ45 sockets. The temperature range from 0 to 60 °C describes the intended application framework and classifies the black RJ45 blind plug made of PVC for typical technical environments.

Technical details
- Brand: EFB-Elektronik
- Form: Blind plug
- Suitable for: RJ45 jack
- Material: PVC
- Colour: black
- Temperature range: 0 – 60 °C

Technical properties

Material	PVC
Model	Blind plug
Operating Temperature	-20 – 60 °C

Available variants
