DATASHEET

90° bend-protection sleeve (top/bottom), black, 10 pieces per bag

General data

The black anti-kink grommet 90° top/bottom for Hirose RJ45 connectors is designed for RJ connectors and is offered as package 1. It supports clean and stable cable routing at the transition to the connector and is intended for use with round cables.

• Black anti-kink grommet 90° top/bottom for Hirose RJ45 connector – Provides a protected transition at the RJ connector and supports clean cable routing.
• Suitable for round cables with a minimum internal diameter of 5.8 mm – Allows a suitable assignment to the cable geometry and contributes to a secure fit.
• Flame retardant according to UL-94V0 – Increases material safety through a defined fire behavior.

The design is designed for practical use on RJ connectors and combines mechanical relief with a clearly defined material property. Due to its suitability for round cables and the minimum inner diameter of 5.8 mm, the kink protection grommet can be selected to match the cable configuration. The flame retardancy according to UL-94V0 complements the profile for applications with increased safety requirements.

Technical details
• Brand: HIROSE
• Application: RJ connector
• Suitable for: Round cables
• Colour: black
• Flame retardant: UL-94V0
• Min. inner diameter: 5.8 mm

Technical properties

Application	RJ-plug
Flame retardant	UL-94V0

DATASHEET

90° bend-protection sleeve (top/bottom), black, 10 pieces per bag

Suitable for	Round cable

Available variants

ArtNr.	Bezeichnung	Colour	Min. inner diameter
37549.2-10	90° bend-protection sleeve (top/bottom), black, 10 pieces per bag	black	5.8 mm
37549.2-100	90° bend-protection sleeve (top/bottom), black, 100 pieces per bag	black	5.8 mm

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.
