DATASHEET

Miller®Stripping-tool for stripping 250 µm coating

General data

Miller® Fiber Stripper for stripping the primary coating 250 µm to 125 µm
Precision-made 127 µm v-notch, no adjustment required
Length: 137 mm
Weight: 71 g

Technical properties

With cutting device	False
With strip function	True

Available variants

ArtNr.	Bezeichnung	Unique	Type
39956.1	Miller®Stripping-tool for stripping 250 µm coating	Unique	Miller® Tool FO-103-S “One-Hole”

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product’s suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.

This datasheet was created automatically on 01-11-2026 . Technical changes reserved.
