

DATASHEET

LSA Earth Module 2/38 38-pole

General data

Connection Module with LSA terminal according to DIN 41611-6 for mounting on LSA Backmount Frames
For copper cores with a diameter of 0.4 - 0.8mm
All contacts jumpered with the earth connection

Technical properties

Built-in possibility for over voltage protection	False
Colour	red
Connection type	LSA Plus
Model	Earthing strip
Mounting dimension	96 mm

Available variants

ArtNr.	Bezeichnung	With colour code	Number of poles
46007.1	LSA Earth Module 2/38 38-pole	False	38

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.

This datasheet was created automatically on 03-10-2026 . Technical changes reserved.
