DATASHEET

Boot ST black 3.0mm

General data

The black strain-relief boot from EFB-Elektronik is intended to complement ST fibre optic connections. It is designed for cables with a diameter of 3 mm and supports clean and mechanically protected assembly.

• ST fibre optic connection strain-relief boot – Protects the transition at the connector and supports orderly cable routing in everyday installation.
• Cable diameter 3 mm – Designed for this size and facilitates appropriate integration into existing fibre applications.
• Black strain-relief boot included – Ensures a uniform design and complements the mechanical protection of the assembly.

The glass fibre strain-relief boot ST black is designed for practical use on appropriate connections. The black strain-relief boot complements the structure and supports clean installation for cables with a diameter of 3 mm. The scope of delivery includes 1x ST strain-relief boot.

Technical details
• Connector type: ST
• Brand: EFB-Elektronik
• Colour: black
• Strain-relief boot colour: black
• Cable diameter: 3 mm
• Scope of delivery: 1x ST strain-relief boot

Technical properties

Operating temperature	-40 – 75 °C
Packaging	Polybag
Scope of delivery	1x ST/SC Boot
Storage Temperature	-40 – 75 °C
Type of connector	ST + SC

Available variants

ArtNr.	Bezeichnung	Anti-kink sleeve	Cable Ø	Colour	Grommet length
53202.31	Boot ST/SC black 0.9mm	black	0.9 mm	black	26.0 mm
