DATASHEET

House connection box IP54 unassembled, max 8x SC-S/L-C-D, with lock

General data

Characteristics

IP54 plastic housing for wall mounting
compact design
cable jacket fixing
hinged splice cassette with integrated splice holder for up to 12 splices
overlength management
installation for 8 adapters LC duplex, E2000® or SC simplex
cablefixing and holder for gas blocker (micro-ducts)
suitable for house connection, building connection and as distribution box
easy entry or outlet of patchcords
Access security with lead seal or lock (53706.1)
grounding
3 cable entries inclusive PG16 glands
delivery unassembled

DATASHEET

House connection box IP54 unassembled, max 8x SC-S/L-C-D, with lock

cable entries: 1
cable outlets: 2
capacity: up to 12 fibers
dimensions (W x H x D): 210 x 175 x 45 mm
temperature range: -25°C .. +70°C
material: plastic, white
protection class: IP54

Technical properties	
Cable entry with cable gland	3
Cable sheath support	True
Colour	white
Dimensions	210 x 175 x 45 mm
Foreign body and contact protection	Protection against ingrees of dust
Hinged splice cassette	True
IP Protection	IP54
Material	Plastic
Max. Assembly (Adapter)	8 x LC-dpx/SC-spx/E2000
Mounting method	Wall mounting
Number of Fibres	12
Operating Temperature	-25 – 70 °C
Possibility of mast mounting	False
Scope of application	Outdoor
Type of Splice protection	Crimp
Water protection	Protection against splashing water
With Fiber overlength cassette	True

Available variants

ArtNr.	Bezeichnung	Access Control
53706.1	House connection box IP54 unassembled, max 8x SC-S/LC-D, with lock	lock

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.
