DATASHEET

PDU 19" 1U BN500 8 x CEE7/3 with Power Measuring (Display)

General data

BlueNET500 socket strip 19" 1U in Aluminium profile, anodized
With power measuring (display V/A/kW/Hz/PF)
Outlets 8 x CEE7/3, black
Cable 2.0 m H05VV-F 3G 1.5 mm² black, with angled CEE7/3 plug
Incl. mounting brackets

Technical properties

Ampere meter	True
Auto ping	True
Cable length	2 m
Cascadable	False
Depth	47 mm
Electrical connection	connection cable with plug
Evaluation	local
Length	440 mm
Mains filter	False
Measuring Capability	per PDU
Mounting dimension	482.6 mm (19 inch)

This datasheet was created automatically on 01-11-2026 . Technical changes reserved.

DATASHEET

PDU 19" 1U BN500 8 x CEE7/3 with Power Measuring (Display)

Mounting direction	horizontal/vertical
Number of height units	1 U
Over voltage category	nicht zutreffend
SNMP	False
Supply voltage	230 V
Switchable	False
Switching Capability	none
Type of electric connection	protective contact (SCHUKO)
Width	44 mm
With LED indication	False
With display	True
With fuse	False
With mounting material	True

Available variants

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.

This datasheet was created automatically on 01-11-2026 . Technical changes reserved.
