DATASHEET

Support element for wall housing depth 800mm, RAL 7035, set of 2

General data

The mounting bracket element from EFB-Elektronik is designed as a support element for wall enclosures with a depth of 800 mm. The grey version and the steel material base create a robust, clearly defined component for technical use in the enclosure system.

• Steel mounting bracket for the Basic wall enclosure – Provides a stable addition to the mechanical structure and ensures clear assignment in the system.
• Compact dimensions with 600 mm width, 402 mm height and 402 mm depth – facilitate integration into the intended housing geometry and create a clearly defined component shape.
• Grey version according to RAL 7035 – Supports a uniform look within the housing series and matches the standard colour.

In terms of technical design, this is an accessory in a different design, which is specified as a mounting bracket. The material steel, the colour scheme grey and the assignment to the cabinet series Wall Enclosure Basic form the decisive features. The dimensions of 600 mm width, 402 mm height and 402 mm depth clearly define the component geometry.

Technical details
• Type of accessory/spare part: Mounting bracket

DATASHEET

Support element for wall housing depth 800mm, RAL 7035, set of 2

- Finish: other
- Width: 600 mm
- Height: 402 mm
- Depth: 402 mm
- Colour: grey
- RAL number: 7035
- Material: Steel
- Cabinet series: Wall mounted enclosure Basic
- Brand: EFB-Elektronik

Technical properties	
Cabinet Series	Wall Housings Basic
Model	Other

Available variants

ArtNr.	Bezeichnung	Colour	Material	Type of accessory/spare part	Width	Height	Depth	RAL-number
691900GR	Support element for wall housing depth 800mm, RAL 7035, set of 2	grey	Steel	Mounting angle bracket	600 mm	402 mm	402 mm	7035
691900TS	Support element for wall housing depth 800mm, RAL 9005, set of 2	black	Steel	Mounting angle bracket	600 mm	402 mm	402 mm	9005

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.
