DATASHEET

19" 1U Cable Routing Panel, 5 x Metal Double Bracket 75 mm, RAL9005

General data

The 19"-1U cable management panel from EFB-Elektronik is designed for orderly and clear cable routing at the 19" level. It can be used universally and combines a stable steel construction with plastic elements made of polyamide and a powder-coated surface in black RAL 9005.

- Space-saving 1U design for structured cable routing at low heights
- Sturdy steel double brackets with a diameter of 5 mm for robust and clean cable routing
- Flexible adjustment thanks to brackets that can be rotated in 90° steps and supplied as an unassembled unit

The design is designed for practical use in professional 19" installations. With a width of 482.6 mm, the panel is intended for standardised 19-inch installation. The combination of steel and polyamide supports a resilient and at the same time cable-friendly guide. The five cable brackets are 75 mm long. The delivery is unassembled and includes 1 x base plate and 5 x cable brackets.

Technical details
- Brand: EFB-Elektronik
- Category: Cable Routing
- Cabinet Series: Universal
- Number of rack units (U): 1U
- Colour: black
- RAL number: 9005
- Design: Cable routing
- Width: 482.6 mm
- Suitable for 482.6 mm (19 in) mounting: Yes
- Finish of the surface: powder-coated
- Material: steel, polyamide
- Number of brackets: 5
- Temple length: 75 mm
