DATASHEET

19" 1U Cable Routing Panel, 5 Brackets, Plastic RAL9005

General data

The 19" 1U cable management panel from EFB-Elektronik is designed for orderly and clear cable routing at the 19" level and is suitable for universal cabinet series. The cable management version combines steel with plastic brackets and is powder-coated in black RAL 9005.

• Space-saving cable routing in the rack – With 1U, the space requirement remains low and the cabling at the 19" level remains clearly structured.
• Standard-compliant integration into 19-inch racks – With a width of 482.6 mm, the panel is designed for standardized 19-inch mounting.
• Robust and cable-friendly design – The combination of steel and plastic brackets combines stability with gentle routing of the cables.

The construction is designed for practical use in professional 19" installations. The steel body ensures stability, while the plastic brackets guide the cables cleanly. With 5 brackets and a bracket length of 70 mm, structured cable routing is created with a small footprint. The powder-coated surface in black RAL 9005 supports uniform use in the rack.

Technical details
• Brand: EFB-Elektronik
• Category: Cable Routing
• Cabinet Series: Universal
• Number of rack units (U): 1U
• Colour: black
• RAL number: 9005
• Design: Cable routing
• Width: 482.6 mm
• Suitable for 482.6 mm (19 in) mounting: Yes
• Finish of the surface: powder-coated
• Material: steel, plastic temple
• Number of brackets: 5
• Temple length: 70 mm
• Scope of delivery: 1 x cable management panel
