DATASHEET

Mains adapter CEE7/7 to IEC C13, earthing contact plug - mains socket

General data

The CEE7/7 to IEC C13 power adapter from EFB-Elektronik is designed for connection between earthed plug and IEC socket. With straight connection 1 and straight IEC socket, the version is suitable for compact and practical mains connections in a wide range of applications.

- Outer jacket in black finish
- Designed with 3 wires and protective conductor
- Connector 1 as a safety plug (type F), connector 2 as a straight IEC socket

The material polyvinyl chloride (PVC) supports a functional cable design for technical applications where a secure connection between IEC C13 and earthed contact plugs is required. The three-pole design with protective conductor is adapted to the usual structure of mains connections and fits into existing systems with a corresponding device interface.

Technical details
- Brand: EFB-Elektronik
- Connector 1: safety plug (type F), straight
- Connection 2: IEC socket straight
- Core Count: 3
- Outer jacket colour: black
- Sheath material: Polyvinyl chloride (PVC)
- Protective conductor available

Technical properties	
Colour outer sheath	black
Connection 1	Plug with protective contact (type F), straight
Connection 2	Cold device plug straight, female

DATASHEET

Mains adapter CEE7/7 to IEC C13, earthing contact plug - mains socket

Halogen free	False
Material outer sheath	Polyvinylchlorid (PVC)
Nominal voltage	250 V
Number of cores	3
Oil resistant (acc. EN 60811-2-1)	False
Oil resistant (according to EN 60811-404)	False
Protective conductor	True
Spiralized cable	False
Type of packaging	Labeled polybag
With cord switch	False

Available variants

ArtNr.	Bezeichnung	Colour outer sheath
EB515.6	Mains adapter CEE7/7 to IEC C13, earthing contact plug - mains socket	black

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.
