## Mains Adapter CEE7/16 to IEC C7, Euro Plug - Euro 8 Socket

### General data

The CEE7/16 to IEC C7 power adapter from EFB-Elektronik is designed for the connection between the Euro plug and the C7 coupling. The black version supports compact and practical integration into various grid connection applications.

- Version with Euro plug (CEE 7/16) and C7 coupling 180°
- Black outer jacket color for unobtrusive integration
- 2-wire version with polyvinyl chloride (PVC) sheath

The adapter is designed for standardized connection solutions in the field of Euro plugs and IEC C7. The combination of 2 wires and PVC sheath material supports a technically clean implementation suitable for everyday use when a compact connection with clearly defined mating faces is required. As a product of EFB-Elektronik, the design fits into established installation and device concepts.

### Technical details

- Connector 1: Euro plug (CEE 7/16)
- Connector 2: C7 coupling 180°
- Core Count: 2
- Outer jacket colour: black
- Sheath material: Polyvinyl chloride (PVC)
- Brand: EFB-Elektronik

### Technical properties

|                     |                      |
|---------------------|----------------------|
| Colour outer sheath | black                |
| Connection 1        | EURO plug (CEE 7/16) |
| Connection 2        | C7 plug female 180°  |

## Mains Adapter CEE7/16 to IEC C7, Euro Plug - Euro 8 Socket

|                                           |                          |
|-------------------------------------------|--------------------------|
| Halogen free                              | False                    |
| Material outer sheath                     | Polyvinyl chloride (PVC) |
| Nominal voltage                           | 250 V                    |
| Number of cores                           | 2                        |
| Oil resistant (acc. EN 60811-2-1)         | False                    |
| Oil resistant (according to EN 60811-404) | False                    |
| Protective conductor                      | False                    |
| Spiralized cable                          | False                    |
| Type of packaging                         | Labeled polybag          |
| With cord switch                          | False                    |

### Available variants

| ArtNr.  | Bezeichnung                                                | Colour outer sheath |
|---------|------------------------------------------------------------|---------------------|
| EB515.8 | Mains Adapter CEE7/16 to IEC C7, Euro Plug - Euro 8 Socket | black               |

### Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.
