DATASHEET

Keystone Snap-In Adapter USB2.0 A - A, black

General data

The Keystone panel-mount adapter USB 2.0 A to A from EFB-Elektronik is designed as a built-in adapter with two USB-A sockets. The black plastic housing and the female/female design support compact integration into keystone applications.

• female/female with 2x USB-A – Enables continuous USB-A connection in a space-saving keystone installation solution.
• USB 2.0 A to A – Provides a clear interface for integrating USB-A connections.
• Black plastic housing – Ensures unobtrusive and compact integration into suitable installations.

The combination of two USB-A sockets and the plastic housing is designed for a clean installation solution. In keystone applications, the adapter can be used as a compact interface for a connection from USB 2.0 A to A, thus supporting structured integration in the control cabinet or panel environment.

Technical details
• Brand: EFB-Elektronik
• Connector 1: USB-A
• Connector 2: USB-A
• Connector 1 gender: Socket
• Connector 2 gender: Socket
• Colour: black

DATASHEET

Keystone Snap-In Adapter USB2.0 A - A, black

• Housing material: plastic

Technical properties	
Connection 1	USB-A
Connection 2	USB-A
Connection type connection 1	jack
Connection type connection 2	jack
Dust cover	false
Type of housing	Plastic

Available variants

ArtNr.	Bezeichnung	Colour
EB498V2	Keystone Snap-In Adapter USB2.0 A - A, white	white
EB527V2	Keystone Snap-In Adapter USB2.0 A - A, black	black

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.
