DATASHEET

Crimping tool for E-20070 and E-20091

General data

The crimping tool from EFB-Elektronik is designed for the RJ45 Keystones E-20070 and E-20091 and offers a practical solution for their processing. The design is clearly matched to these modules and supports targeted use in the installation environment.

• Version for RJ45 Keystones E-20070 and E-20091 – Supports the processing of the intended keystone modules and ensures a clear assignment in the workflow.
• Tooling solution for the intended keystone modules – Enables a clearly defined range of applications and makes it easier to select the right tool.
• EFB-Elektronik brand – stands for a factual and practical solution in the field of keystone processing.

The technical design focuses on the processing of RJ45 Keystones E-20070 and E-20091. This means that the functional area remains clearly focused on this application and the assignment in the professional network environment is clear.

Technical details
• Brand: EFB-Elektronik
• Form: Crimping tool for RJ45 Keystones E-20070, E-20091

Technical properties

Suitable for BNC plug	False

This datasheet was created automatically on 01-11-2026 . Technical changes reserved.

DATASHEET

Crimping tool for E-20070 and E-20091

Suitable for D-Sub plug	False
Suitable for F plug	False
Suitable for F-compression plug	False
Suitable for LC plug	False
Suitable for LSA plus	False
Suitable for MT-RJ plug	False
Suitable for RJ plug	False
Suitable for SC plug	False
Suitable for SMA plug	False
Suitable for ST plug	False
Suitable for low current connector	False
With cutting device	False
With interlock device	False
With strip function	False

Available variants

ArtNr.	Bezeichnung	Unique	Type
EHT-010	Crimping tool for E-20070 and E-20091	Unique	Crimping pliers for RJ45 keystones E-20070, E-20091

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.

This datasheet was created automatically on 01-11-2026 . Technical changes reserved.
