DATASHEET

Power Cable Euro - C7 180°, Black, 3.0 m, 2 x 0.75 mm²

General data

The Euro C7 power cable in black design from EFB-Elektronik is designed as a 3.0 m long connection cable for European use. With Euro plug (CEE 7/16) on one side and C7 coupling 180° on the other, it is suitable for standard-compliant connections in compact installations.

- Black outer jacket color for unobtrusive integration
- 3.0 m length for flexible connection options
- Euro plug (CEE 7/16) and C7 coupling each with 180° angulation

The polyvinyl chloride (PVC) jacket supports a practical design for technical applications where a reliable network connection is required. With 2 wires, a nominal voltage of 250 V and a nominal current of 2.5 A, the cable is designed for the intended European application.
