

DATASHEET

Power Cable CEE7/7 90° - C13 180°, LSZH, Black, 1.8 m, 3 x 1.00 mm²

General data

The power cable protective contact 90° - C13 180° black from EFB-Elektronik is designed as a 3-wire connection cable with protective conductor. With a right-angled safety plug (type F), straight IEC socket and a length of 1.8 m, it is suitable for compact connection solutions in technical applications.

- Black finish for unobtrusive integration
- Halogen-free cable with TPE sheath
- 1.8 m length with 3 wires and protective conductor

The TPE sheath supports a robust and practical design of the cable. The halogen-free design expands the range of applications for applications with corresponding material requirements. The combination of safety plug and IEC socket creates a functional connection solution with sufficient cable length for installation.

Technical details

- Brand: EFB-Elektronik
- Connector 1: Safety plug (type F), right-angled
- Connection 2: IEC socket straight
- Outer jacket colour: black
- Core Count: 3
- Sheath material: TPE
- Halogen-free
- Protective conductor available

Technical properties

Colour outer sheath	black
Connection 1	Plug with protective contact (type F), right-angled
Connection 2	Cold device plug straight, female

This datasheet was created automatically on 26-09-2026 . Technical changes reserved.

DATASHEET

Power Cable CEE7/7 90° - C13 180°, LSZH, Black, 1.8 m, 3 x 1.00 mm²

Connector 2 angulation	90 °
Halogen free	True
Material outer sheath	TPE
Nominal voltage	250 V
Number of cores	3
Oil resistant (acc. EN 60811-2-1)	False
Oil resistant (according to EN 60811-404)	False
Protective conductor	True
Spiralized cable	False
Type of packaging	Labeled polybag
With cord switch	False

Available variants

ArtNr.	Bezeichnung	Colour outer sheath	Length	Nominal cross section conductor	Outer diameter approx.
EK504ZH.1,8	Power Cable CEE7/7 90° - C13 180°, LSZH, Black, 1.8 m, 3 x 1.00 mm ²	black	1.8 m	1.0 mm ²	7.0 mm

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.
