DATASHEET

Power Cable CEE7/7 90° - C5 90°, Black, 3.0 m, 3 x 0.75 mm²

General data

The power cable from EFB-Elektronik in a black design connects a safety plug (type F) in right-angle design with a C5 cloverleaf coupling. With a length of 3.0 m, it is suitable for compact connection solutions and can be integrated into different installation environments.

- Black outer jacket colour for a restrained look
- Connection of safety plug (type F), right angle, to C5 cloverleaf coupling

The polyvinyl chloride (PVC) sheath supports a robust and practical cable design. With three wires and protective conductors, the power cable is designed for classic mains connections and offers a clear, expedient implementation for technical applications.
