DATASHEET

Extension Cable Dual Lock C14 - C13 IEC Lock, Blue, 2 m

General data

The Dual-Lock C14 - C13 IEC extension, blue from EFB-Elektronik is designed for the connection between the IEC plug and the IEC socket. With a length of 2.0 m and blue outer jacket colour, it is suitable for compact installations and technical applications with clearly defined connection requirements.

- Blue version with dual lock
- 2.0 m length for flexible connection paths
- With protective conductor and 3-wire structure

The polyvinyl chloride (PVC) sheath supports a robust and practical design for technical applications. The combination of 3 wires, protective conductors, a nominal current load of 10 A and a nominal voltage of 250 V offers a resilient solution for reliable use in corresponding systems.
