DATASHEET

Vertical Cable Comb for ESV 47U, 1 Piece, RAL9005

General data

The vertical cable comb from EFB-Elektronik is designed for orderly cable routing in EFB server cabinet series. It is mounted on the 19" profiles without tools and is suitable for cabinet widths of 600 and 800 mm. With its slim design and black colour scheme, it supports clear and space-saving cable routing in the server cabinet.

• Vertical Cable Routing for EFB Servers – The cable comb is designed for structured routing of cables vertically and matches the EFB Server cabinet series.

• Tool-free installation on the 19" profiles – Attachment is done directly to the 19" profiles without tools and facilitates integration into existing cabinet structures.

• Suitable for 600 and 800 mm cabinet widths – The insert is intended for both common cabinet widths and supports flexible use in practice.

The technical design combines steel and plastic to create a robust and at the same time cable-friendly construction. Steel parts with a powder-coated surface increase durability in the installation environment, while the plastic components support orderly routing of the cables. With 47 U, the cable comb is designed for vertical use over the entire cabinet height. The compact width of 11.3 mm and the bracket length of 159 mm underline the functional orientation for use in professional server cabinets.

DATASHEET

Vertical Cable Comb for ESV 47U, 1 Piece, RAL9005

- Brand: EFB-Elektronik
- Category: Cable Routing
- Cabinet Series: EFB Server
- Number of rack units (U): 47 U
- Colour: black
- RAL number: 9005
- Design: Cable comb, vertical mounting (tool-free)
- Construction/use: Suitable for cabinet widths of 600 and 800 mm. Tool-free installation on the 19" profiles.
- Width: 11.3 mm
- Temple length: 159 mm
- Material: steel, plastic
- Surface finish: powder-coated steel parts
- Scope of delivery: 1 x cable comb incl. mounting accessories

Technical properties	
Cabinet Series	EFB-Server
Category	Kabelführung
Material	Stahl, Kunststoff
Model	Cable comb, vertical mounting (tool-free)
Scope of delivery	1 x Kabelkamm inkl. Montagezubehör
Structure/Use	Geeignet für Schrankbreiten 600 und 800 mm. Werkzeuglose Montage an den 19" Profilen.
Suitable for 19 inch mounting	False
Surface Finishing	Stahlteile pulverbeschichtet
