DATASHEET

Central plate 22.5x45mm for 1 keystone, outlet direct

General data

The white central plate from EFB-Elektronik in the format 22.5 x 45 mm is designed for a keystone module and has a straight outlet. The compact design supports clean integration into suitable installation environments while remaining functionally reduced.

- Holder for 1 keystone – Allows you to equip a module in a targeted manner and provides a slim front.
- With hinged lid and dust cover – Protects the interface in everyday life and supports a clean cover.
- Clamp mounting for compact 22.5 x 45 mm – Facilitates space-saving integration into suitable carrier systems.

The design connects the TAE connection unit with a receptacle for Keystone. With a width of 22.5 mm, a height of 45 mm and a depth of 20.6 mm, the central plate remains very compact. The straight outlet supports clear guidance within the installation.

Technical details
- Brand: EFB-Elektronik
- Connection unit: TAE
- Holder for: Keystone
- Suitable for number of bushings/couplings: 1
- Colour: white
- Device width: 22.5 mm
- Device height: 45 mm
- Device depth: 20.6 mm
- With hinged lid: Yes
- With dust cover: Yes
- Labelling field: without label field
- Mounting type: clamp attachment
- Mounting type: other

DATASHEET

Central plate 22.5x45mm for 1 keystone, outlet direct

Assembly arrangement	Central cover plate
Connection unit	TAE
Design-compatible	No
Halogen free	No
Imprintable label	without indication field
Material	Plastic
Mounting method	Other
Receptacle for	Keystone
Support ring	False
Temperature	0 - 60° °C
Type of fastening	mounting with claw
With dust cover	True
With hinged lid	True
With imprint	False

Available variants

ArtNr.	Bezeichnung	Colour	Depth of device	Height of device	RAL-number (similar)	Suitable for number of connectors	Width of device	With buses/couplings
ET-25026	Central plate 22.5x45mm for 1 keystone, outlet direct	white	20.6 mm	45 mm	9010	1	22.5 mm	False

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.
