DATASHEET

Frame Set 2-port, for keystones, DIN49075, RAL9010

General data

The 1/2-port frame set for Keystone modules according to DIN 49075 from EFB-Elektronik is designed in white and is intended for flush-mounted installation. With a holder for Keystone, a labelling field, hinged lid and dust cover, the version combines a compact design with a clean integration into the installation area.

• Mounting for keystone modules according to DIN 49075 – Enables standard-compliant and modular integration into flush-mounted installations and creates a flexible basis for different connection concepts.
• With hinged lid and dust cover – Protects the interfaces in everyday life and supports a clean, closed front when assembled.
• Design-capable with manufacturer's adapter plate – Facilitates optically coordinated implementation and ensures harmonious integration into the respective environment.

The technical design is designed for space-saving and proper installation. With fastening by screw, a device size of 80 mm width, 80 mm height and 24.4 mm depth as well as the white colour scheme, a compact solution for structured installations is created. The bracket for Keystone and the TAE connection unit complement the modular design and make the frameset suitable for applications with clear lettering and a defined installation situation.

Technical details
• Brand: EFB-Elektronik
• Holder for: Keystone
• Connection unit: TAE
• Mounting type: Fastening with screw
• Labelling field: with labelling field
• Designable: With manufacturer's adapter plate
• Colour: white
• Suitable for number of bushings/couplings: 2
• With hinged lid: Yes
• With dust cover: Yes

This datasheet was created automatically on 01-11-2026 . Technical changes reserved.

DATASHEET

Frame Set 2-port, for keystones, DIN49075, RAL9010

- Mounting type: Flush-mounted
- Device width: 80 mm
- Device height: 80 mm
- Device depth: 24.4 mm

Technical properties	
Assembly arrangement	Frame set
Connection unit	None
Halogen free	False
Imprintable label	with indication plate
Material	Metal
Mounting method	Flush mounted (plaster)
Receptacle for	Keystone
Support ring	True
Temperature	0 - 60° °C
Type of fastening	mounting with screw
With dust cover	True
With hinged lid	True
With imprint	False

Available variants

ArtNr.	Bezeichnung	Colour	Depth of device	Height of device	RAL-number (similar)	Suitable for number of connectors	Width of device	With buses/couplings
ET-25085V3	Frame Set 2-port, for keystones, DIN49075, RAL9010	white	24.4 mm	80 mm	9010	2	80 mm	False
ET-25087V3	Frame Set 1-port, for keystones, DIN49075, RAL9010	white	24.4 mm	80 mm	9010	1	80 mm	False

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.
