DATASHEET

Multifunctional frame set with 1- +2-port adapter Keystone Format(HDMI,USB,RJ45)

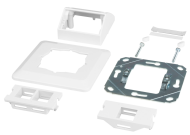

General data

The multifunctional frame set from EFB-Elektronik in white is designed for surface mounting and connects a TAE connection unit with the holder for keystone elements. The version for 1- and 2-port adapters creates a flexible solution for structured installations with a clear, signal white look.

• Surface mounting with screw mounting – Simplifies installation on the wall surface and ensures a secure, stable grip in the field.
• Keystone and TAE connection unit mount – Enables versatile use and supports different connection concepts in one system.
• With labelling field and design for two sockets/couplings – Makes it easier to assign the connections and creates a clear structure in everyday installation.

DATASHEET

Multifunctional frame set with 1- +2-port adapter Keystone Format(HDMI,USB,RJ45)

Technically, the frameset is designed for a compact design with a width of 79.8 mm, a height of 79.8 mm and a depth of 33.3 mm. Mounting is surface-mounted and fastening is achieved using screws. The combination of keystone mount and TAE connection unit makes the version suitable for installations where clear assignment and defined mechanical integration are required.

Technical details
- Brand: EFB-Elektronik
- Mounting type: surface-mounted
- Mounting type: Fastening with screw
- Colour: white
- Connection unit: TAE
- Holder for: Keystone
- With bushings/couplings: Yes
- Suitable for number of bushings/couplings: 2
- Labelling field: with labelling field
- Device width: 79.8 mm
- Device height: 79.8 mm
- Device depth: 33.3 mm

Technical properties	
Assembly arrangement	Frame set
Connection unit	TAE
Design-compatible	No
Halogen free	False
Imprintable label	with indication plate
Material	Metal
Mounting method	Surface mounted (plaster)
Receptacle for	Keystone
Support ring	True
Temperature	0 - 60° °C
Type of fastening	mounting with screw
With dust cover	False
With hinged lid	False
With imprint	False

Available variants

ArtNr.	Bezeichnung	Colour	Depth of device	Height of device	RAL-number (similar)	Suitable for number of connectors	Width of device	With buses/couplings
