DATASHEET

Frame Set 2-Port, for Keystones, design capable TAE

General data

This designable 2-port support ring from EFB-Elektronik in aluminium is designed for flush-mounted mounting and accommodates keystone modules. With its TAE connection unit, compact design and labelling field, it fits into modern installation environments.

• Flush-mounted mounting with screw mounting – Ensures stable integration into the wall installation and supports professional installation.
• 2-port keystone module design – Provides two well-defined pick-up slots and creates a compact solution for structured installations.
• Design-ready aluminium version with labelling field – Enables visually harmonious integration and facilitates clear identification in everyday life.

The version is intended for flush-mounted mounting and is fastened with screws. As a designable support ring for keystone modules with TAE connection unit, it is designed for two mounting stations. With a width of 70.2 mm, a height of 38.5 mm and a depth of 19.02 mm, the design remains compact and can be integrated into common installation environments.

Technical details
• Brand: EFB-Elektronik
• Connection unit: TAE
• Holder for: Keystone

DATASHEET

Frame Set 2-Port, for Keystones, design capable TAE

- Mounting type: Flush-mounted
- Mounting type: Fastening with screw
- Labelling field: with labelling field
- Designable: Yes
- Colour: aluminium
- Suitable for number of bushings/couplings: 2
- Device width: 70.2 mm
- Device height: 38.5 mm
- Device depth: 19.02 mm

Technical properties	
Assembly arrangement	Support ring
Connection unit	TAE
Design-compatible	Yes
Halogen free	False
Imprintable label	with indication plate
Material	Plastic
Mounting method	Flush mounted (plaster)
Receptacle for	Keystone
Support ring	True
Temperature	0 - 60° °C
Type of fastening	mounting with screw
With dust cover	False
With hinged lid	False
With imprint	False

Available variants

ArtNr.	Bezeichnung	Colour	Depth of device	Height of device	RAL-number (similar)	Suitable for number of connectors	Width of device	With buses/couplings
ET-25111	Frame Set 2-Port, for Keystones, design capable TAE	Aluminium	19.02 mm	38.5 mm	-	2	70.2 mm	False

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.
