DATASHEET

Keystone Frame Set 2-Port, for Keystones, design capable TAE

General data

This designable keystone support ring from EFB-Elektronik in aluminium is designed for flush-mounted mounting and is intended to accommodate keystone and a TAE connection unit. The circumferential mounting ring supports compact integration into appropriate installation environments.

• Design-ready aluminium finish – Allows for unobtrusive integration into visible interiors and blends discreetly into the installation environment.
• Flush-mounted mounting with screw mounting – Ensures secure fixation and supports compact, professional installation in the wall area.
• Keystone and TAE Connector Unit Holder – Provides a flexible basis for suitable connection solutions with clear system assignment.

With dimensions of 69.9 mm width, 67.3 mm height and 16.8 mm depth, the support ring is compact. The halogen-free design and the design for a single bushing or coupling are suitable for a reduced flush-mounted solution. There is no labelling field. Hinged covers, dust protection and supplied bushings or couplings are also not provided.

Technical details
• Brand: EFB-Elektronik
• Connection unit: TAE
• Holder for: Keystone
• Colour: aluminium
• Suitable for number of bushings/couplings: 1
• Device width: 69.9 mm
• Device height: 67.3 mm
• Device depth: 16.8 mm
• Halogen-free: Yes
• Designable: Yes

This datasheet was created automatically on 01-11-2026 . Technical changes reserved.

DATASHEET

Keystone Frame Set 2-Port, for Keystones, design capable TAE

- Mounting type: Flush-mounted
- Mounting type: Fastening with screw
- Labelling field: without label field
- With bushings/couplings: No
- With hinged lid: No
- With dust cover: No

Technical properties	
Assembly arrangement	Support ring
Connection unit	TAE
Design-compatible	Yes
Halogen free	True
Imprintable label	without indication field
Material	Metal
Mounting method	Flush mounted (plaster)
Receptacle for	Keystone
Support ring	True
Temperature	0 - 60° °C
Type of fastening	mounting with screw
With dust cover	False
With hinged lid	False
With imprint	False

Available variants

ArtNr.	Bezeichnung	Colour	Depth of device	Height of device	RAL-number (similar)	Suitable for number of connectors	Width of device	With buses/couplings
ET-25111K	Keystone Frame Set 2-Port, for Keystones, design capable TAE	Aluminium	16.8 mm	67.3 mm	-	1	69.9 mm	False

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.
