

DATASHEET

Keystone distribution box surface mounting 6/12 Keystones

General data

The Keystone distribution box surface-mounted from EFB-Elektronik in pure white is designed as a Keystone empty enclosure for surface and wall mounting. With space for 12 sockets or couplings, DIN rail mounting and straight outlet direction, it combines a compact design with flexible integration into structured cabling.

- Surface mount and wall mount – Allow for flexible installation and make it easy to adapt to different installation situations.
- 12 jack/coupling design – Creates enough capacity for a compact keystone distribution solution.
- DIN rail mounting with screw attachment and dust cover – Supports secure installation and contributes to protected use in everyday life.

As a Keystone empty enclosure of the Keystone Distribution Box Surface-Mounted variation group, the design is

designed for clear distribution indoors. The straight outlet direction and the IP20 protection class are suitable for typical installation environments with structured cabling. Fastening with screws and mounting on a wall or DIN rail facilitate clean integration into existing systems.

Technical details

- Brand: EFB-Elektronik
- Variation group: Keystone distribution box surface-mounted
- Variant: Keystone empty enclosure
- Category: -
- Surface mounting: Yes
- Wall mounting: Yes
- DIN rail mounting: Yes
- Outlet direction: straight
- Mounting type: Screws
- Suitable for number of bushings/couplings: 12
- With dust cover: Yes
- Degree of protection (IP): IP20

Technical properties

Ambient temperature	-20 - 60 °C
Category	-
DIN rail mounting	True
Degree of protection	IP20
Duct installation	False
Floor box/sub-floor mounted	False
Flush-mounted installation/built-in installation	False
Material connector housing	ABS
Outlet direction	Straight
Surface mounting	True
Type of fastening	Screwing
Variant	Keystone Empty Enclosure
Wall mounting	True
With dust cover	True
With label space	False
