

DATASHEET

Keystone distributor housing 8-Port for DIN rail and wall mounting, plastic

General data

The distribution box is suitable for mounting on a TH35 DIN rail for use in sub-distribution boards, switching/network cabinets or for wall mounting. Due to the modular, tiltable module outlets, the housing is flexible and facilitates cable routing as required for the specific application. In addition, the enclosure has a grounding connection that shielded keystones can thus be connected.

Specifications:

- For DIN rail mounting on a 35mm DIN rail (TH35).
 - Material: plastic and metal
 - Color: black
 - Dimensions: 55.70 x 154.00 x 78.66 mm
 - Suitable for mounting up to 8 Keystone modules
 - Output: Angled and straight
- Included: 1x 8-port housing, 1x ground wire

Technical properties

Abmessungen (WxHxD)	55,70 x 154,00 x 78,66 mm
Colour	black/metal
For DIN-rail acc. DIN EN60715	True

This datasheet was created automatically on 24-10-2026 . Technical changes reserved.

DATASHEET

Keystone distributor housing 8-Port for DIN rail and wall mounting, plastic

Material	Metal
Stackable	False
Suitable for	1 module (keystone format)
Type of DIN-rail adapter	Straight
Type of fastening	DIN rail (top hat rail) 35 mm
With earthing spring	True
With labeling field	False

Available variants

ArtNr.	Bezeichnung	Number of ports assembly	
ET-25186.2	Keystone distributor housing 8-Port for DIN rail and wall mounting, plastic	8	Unloaded

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.
