## Techly docking station 5 in 1 USB-C™ HDMI hub with micro SD/SD reader

### General data

Docking station with USB-C™ USB 3.2 Gen.1 port and five outputs:
one USB Type-A port
one USB-C™ port
one SDXC card reader port
one port for a micro SDXC card reader
one HDMI 4K@30Hz port

**Features**

The perfect solution, to integrate various devices into a compact workstation
The USB-C™ port has only a data transfer function
USB ports allow the connection of high-speed USB devices such as USB flash or SSD with transfer speeds of up to 5 Gbps
Fast access to photos and other multimedia content via the integrated micro SD/SD/TF card reader
Compatible with SD, SDHC, SDXC, MicroSD, Micro SDHC and Micro SDXC cards
Add an additional HDMI display via the USB-C™ port on any computer or laptop
The four holes on the bottom of the case allow you to attach the docking station to the table with screws
Supports USB3. 2 Gen.1 5Gbps and is backwards compatible with previous standards
Maximum video resolution supports 4K@30Hz
