

DATASHEET

Techly desk support for monitor 13-27" double adjustment joint

General data

Compliant with VESA standards - Securely supports 13" to 27" LCD monitor
 Place the monitor on top of your desk to increase workspace, improve visibility and minimize clutter
 Double connection arm with inclination adjustment of $\pm 45^\circ$ and rotation of 360°
 Steel pole with sturdy fixing clamp
 Removable VESA plates that make attaching the monitor quicker and easier
 Easy adjustment of the monitor position
 Ideal for office, studio, IT network applications and security applications
 Easily installs on any desk or surface - no drilling required

General

This datasheet was created automatically on 17-10-2026 . Technical changes reserved.

DATASHEET

Techly desk support for monitor 13-27" double adjustment joint

Supports VESA 75 x 75/100 x 100 compliant monitors
 Maximum weight of the monitor: up to 8 kg
 Installation on horizontal surfaces with C clamp
 Recommended thickness for installation: 10 - 88 mm

Dimensions

Height (pole): 400 mm
 Arm length: 365 mm

Package Contents

Universal monitor support with double adjustment joint
 Cable clips and finishing caps
 C-clamp with screw
 Screws for fixing and installing monitors
 Installation hardware, instructions and Allen key

Technical properties

Colour	Black
Lifting capacity	8.0 kg
Mounting method	Desktop mount
Number of joints	1

Available variants

ArtNr.	Bezeichnung	Angle of inclination	Pivoting range
ICA-LCD-503BK2	Techly desk support for monitor 13-27" double adjustment joint	-45 - 45 °	360 - 360 °

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.
