

DATASHEET

Slim wall mount for 60-120" TV black

General data

This slim wall mount is the perfect solution to securely and stylishly mount large TVs from 60 to 120 inches to your wall. It is specially designed to be compatible with modern LCD and LED TVs and offers not only a stylish but also a functional design that takes your entertainment to the next level.

The wall mount is made of durable steel, which ensures a high load capacity, so that even the largest TV models can be mounted safely. Thanks to the ultra-slim design, the mount fits discreetly into any living environment and ensures that your television hangs almost flush on the wall. This makes the overall look tidy and modern.

With its flexible tilt and swivel function, you can easily adjust the TV angle to ensure the best view from different positions in the room. The mount allows the TV to be tilted forward or backward up to 15° and swiveled 120°, allowing for a flexible viewing experience. Installation is also child's play thanks to the included mounting material and clear instructions and does not require any special tools.

The wall mount comes in elegant black, which harmonizes seamlessly with most TV sets and at the same time creates a modern touch in your living area or home cinema. It is VESA compatible and adapts to different hole patterns, so you don't have to worry about compatibility with your TV.
