DATASHEET

Techly slim tilting wall bracket for 60-120" LCD LED TV

General data

Features

Heavy-duty steel construction: Provides increased strength and durability
Tool-free tilt - allows for effortless positioning
Low pack size: Relatively low transport and storage costs
Automatic spring latches with quick release clamps - allow quick and easy removal of the TV
Open architecture: Provides better ventilation and easier cable access

Technical specifications

Tiltable TV mount
Tilt range: +10°~-10°
Material: Steel
Made of 2mm cold rolled sheet metal
Powder coated

This datasheet was created automatically on 16-11-2026 . Technical changes reserved.

DATASHEET

Techly slim tilting wall bracket for 60-120" LCD LED TV

Fits 60"-120" TVs
Fits curved TVs
VESA compatible:
50x50,75x75,100x100,100x150,150x100,100x200,200x100,150x150,200x200,200x300,300x200,200x400,400x200,300x300,300x400,400x3 00,600x200,400x400,600x300,400x600,600x400,700x400,800x400,600x600,800x500,800x600,900x600
Maximale Montageöffnung: 965x602 mm
Maximum supported weight: 120 kg
Removable plate
Attachable spirit level (included with components)

Size:
Thickness: 80 mm
Width: 1005 mm
Height: 602 mm

Technical properties	
Depth	80 mm
Height	602 mm
Lifting capacity	120.0 kg
Mounting method	Wall
Width	1005 mm

Available variants

ArtNr.	Bezeichnung	Angle of inclination
ICA-PLB-369T	Techly slim tilting wall bracket for 60-120" LCD LED TV	10 – 10 °

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.
