

DATASHEET

Tablet Desk Stand, foldable, for 10" to 16", Aluminium

Six-level Adjustment

General data

ICA-TBL 134TY is a practical notebook stand, but not only this: it adapts perfectly to electronic devices such as smartphones and tablets from 10 to 16" and can serve as a practical lectern for books and newspapers. Thanks to its folding design and the structure in light aluminum alloy is very practical to take with you anywhere. The six degrees of angle adjustment allow you to always obtain the desired view of the monitor, thus relieving muscle tension in the back, neck and wrists.

The angle and the open structure that characterize it offer excellent heat dissipation, allowing you to always cool the computer constantly, increasing its duration over time.

Features

Stand for notebooks, smartphones and tablets

Supports devices from 10" to 16"

Can also be used as a music stand

6 possible angle levels: from 0 to 45°, from 5.5 to 15.5 cm

DATASHEET

Tablet Desk Stand, foldable, for 10" to 16", Aluminium

Ergonomic design for better posture
 Maximum heat dissipation
 Manufactured from high quality 4mm light aluminum alloy
 It has six anti-slip pads on the front
 Lightweight, foldable and portable
 Compact dimensions
 Includes convenient travel case

Package Contents
 Stand for notebook ICA-TBL 134TY
 Carrying bag

Technical properties

Colour	silver
Mounting method	Desktop mount
Suitable for	Tablet computer

Available variants

ArtNr.	Bezeichnung	Unique
ICA-TBL-134TY	Tablet Desk Stand, foldable, for 10" to 16", Aluminium	Unique

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.
