DATASHEET

Ultra-modern TV cart made of aluminum, white, for TVs from 37" to 70"

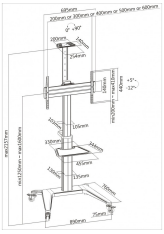

General data

ICA-TR48W consists of an ultra-strong and lightweight aluminum column, firmly fixed to an aesthetically pleasing base, offering the most stable and secure solution for large displays. Users can easily flip the TV from landscape to portrait orientation or adjust it to stay in any position along the column. Tool-free tilt design offers a variety of viewing angles. The trolley is easy to move thanks to the integrated D-ring handle, while four lockable wheels ensure maximum silent stability along the way. A height-adjustable camera shelf and equipment tray are provided for devices and materials, while the integrated cable management system keeps cabling organized and protected.

Technical properties

Colour	white
Depth	760.0 mm
Height	2157.0 mm
