## Motorized TV Wall Mount with Adjustable Height for TVs from 55" to 100"

### General data

Motorized wall TV stand, suitable for TVs from 55" to 100"; The dual motor offers lifting capacity for heavy TVs and greater stability
Sturdy steel construction safely supports the heaviest TVs; The maximum load capacity of the motorized TV lift is 120 kg
Floor TV stand with adjustable height from 925 to 1600 mm; Max VESA supported 800x600
Electric lift with integrated cable management for a neat and clean installation; Sturdy screwed base
TV stand dimensions: 904 x 250 x 1250 ~ 1925 mm; Column height: 925~1600mm; Color: Matte Black; Remote control supplied

Designed for educational applications, the ICA-TR68MW motorized, height-adjustable wall mount provides added security for classrooms, school lobbies and other educational scenarios. By eliminating the base of the mobile TV cart, the static wall mounting option frees up more space and avoids trip hazards to protect children as they play around the stand. The wide height range from 925 -1600 mm, controlled by an RF remote control with 2 memories, adapts to rooms of various sizes for comfortable viewing and presentations.
The powerful dual motor design offers ample capacity to lift and lower even the heaviest 55"-100" TVs (up to 120kg). This large wall mounted TV stand is the perfect solution for delivering engaging and effective teaching without any worries about safety.

## Motorized TV Wall Mount with Adjustable Height for TVs from 55" to 100"

Features
Dual motor drive provides the ability to lift heavy TVs and maintain greater stability
Electric wall TV lift, effortlessly adjustable in height
Sturdy steel construction safely supports the heaviest TVs
The included remote control allows you to adjust the TV quickly and easily
Ideal for nursery schools, primary schools and recreational play centers for children
Technical specifications
TV stand material: aluminium, steel, plastic
Sheet thickness: 2mm cold rolled sheet
Surface finish: powder coating
Size of screens supported by the motorized bracket: 55"-100"
Input: 100V-240V 50-60Hz, 4A
Height range: 925 ~ 1600mm
VESA supported:
200x200,300x200,400x200,300x300,400x300,600x200,350x350,400x400,600x400,800x400,800x600
Maximum weight supported: 120 kg
Integrated cable management
2-pole CEE 7/16 Euro Italian plug
Screwed base
TV stand colour: matt black
Dimensions
Width: 904 mm
Depth: 250 mm
Total height: 1250 ~ 1925 mm
Column height: 925 ~ 1600 mm
Certifications
EC
