DATASHEET

USB2.0 Cable Type-C - Lightning, white 1.0m

General data

• Quickly recharge your Apple® compatible device with power up to 18 W using a Power delivery charger
• Works with all Power Delivery chargers and standard wall chargers
• Allows file transfer and data synchronization when connected to the computer
• Supports transfer rates up to 480 Mbps
• Provides Apple MFi certification which ensures that the cable is 100% tested and guaranteed compatible with Apple iOS Lightning devices

General information
• USB-C™ male
• 8-pin Lightning® male
• Coated in die-cast PVC
• AWG cable 23/30
• Supports up to 18 W of power through

Length:
• 1.0 m

Environmental information
• Operating temperature: 0 - 45 °C
• Storage temperature: -10 - 70 °C

USB2.0 Cable Type-C - Lightning, white 1.0m

• Humidity (without condensation): 10 - 90%

System Requirements
• Apple iOS devices

Standards and certifications
• MFi
• USB 2.0

Package Contents
• Lightning® charging cable and USB-C synchronization

Technical properties	
Connection type connection 1	Plug
Connection type connection 2	Plug
Number of poles connection 1	20
Type of connector connection 1	USB Type-C
Type of connector connection 2	Other

Available variants		
ArtNr.	**Bezeichnung**	**Length**
ICOC-APP-8BUC10T	USB2.0 Cable Type-C - Lightning, white 1.0m	1.0 m

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.

This datasheet was created automatically on 30-10-2026 . Technical changes reserved.
