

# DATASHEET

## DisplayPort 1.2 to DVI Cable, Full HD, passive, black, 3 m

### General data

- DisplayPort male to DVI male cable
- Connect a DisplayPort source to a DVI display
- Ideal for videos, video games or to expand the workstation
- Supports resolution up to 1920x1200 at 30Hz, 1080p at 60Hz, Displayport V1.1a and 1.2
- The passive adapter requires DP ++ (dual-mode) video / graphics cards to regenerate the signal and ensure the best connection to Ultra HD monitor, projector or other
- Fully shielded to reduce electromagnetic interference and other sources of interference
- Golden connectors
- Black colour

### Package contents

- DisplayPort to DVI cable

### Technical properties

|                                |                  |
|--------------------------------|------------------|
| Connection type connection 1   | Plug             |
| Connection type connection 2   | Plug             |
| Number of poles connection 1   | 20               |
| Number of poles connection 2   | 25               |
| Type of connector connection 1 | DisplayPort (DP) |
