DATASHEET

IP67 Metal adapter, M25, HDMI, F-F, A-A

General data

The IP67 feed-through coupling from EFB-Elektronik is designed as an M25 solution with HDMI (HDMI-A) on both connections. The housing in metallic colour and with nickel-plated brass design supports protected installations in industrial environments.

• HDMI (HDMI-A) on port 1 and port 2 – Allows compatible HDMI-A interfaces to be connected directly in an end-to-end coupling solution.
• IP67 rated design – Supports use in dust and moisture applications with protected cable continuity.
• Brass nickel-plated body in metallic colour – Provides a robust mechanical design with a clear, technical feel.

Technically, the coupling combines the M25 design with a housing made of nickel-plated brass material. The HDMI-A connections on both sides create a practical feed-through for compatible signal cables. The focus is on a design that is intended for IP67 protection.

Technical details
• Brand: EFB-Elektronik
• Connector 1: HDMI (HDMI-A)
• Connector 2: HDMI (HDMI-A)
• Colour: metal
• Suitable for protection class (IP): IP67
• Housing material: nickel-plated brass

Technical properties	
Connection 1	HDMI (HDMI-A)
Connection 2	HDMI (HDMI-A)
Connection type connection 1	jack
Connection type connection 2	jack
Dust cover	True

DATASHEET

IP67 Metal adapter, M25, HDMI, F-F, A-A

Suitable for degree of protection (IP)	IP67
Type of housing	Nickel-plated brass
Type of locking	M25
screened	True

Available variants

ArtNr.	Bezeichnung	Colour
IP67DFKHDMIFL	IP67 Metal adapter, M25, HDMI, F-F, A-A	metall

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.
