DATASHEET

IP67 Metal adapter, M25, HDMI, F-F, A-A, service port, guy rope

General data

The IP67 feed-through coupling from EFB-Elektronik is designed as an M25 solution with HDMI (HDMI-A) on both connections. The retaining rope and captive dust cap complement the metallic construction for protected installations in demanding environments.

• IP67 rated feed-through coupling with M25 design – Supports protected cable passage in dust and moisture applications.
• HDMI (HDMI-A) on port 1 and port 2 – Allows compatible HDMI-A interfaces to be connected directly in an end-to-end coupling solution.
• Brass nickel-plated housing in metallic colour with retaining rope – Provides a robust mechanical design and holds the dust cap securely to the component.

Technically, the coupling combines the M25 design with a nickel-plated brass housing. The HDMI-A connectors on both sides create a practical solution for the direct connection of compatible interfaces. The retaining rope and the captive dust cap support the protected use of the coupling, where the focus is on suitability for IP67 protection.

Technical details
• Brand: EFB-Elektronik
• Connector 1: HDMI (HDMI-A)

DATASHEET

IP67 Metal adapter, M25, HDMI, F-F, A-A, service port, guy rope

- Connector 2: HDMI (HDMI-A)
- Colour: metal
- Suitable for protection class (IP): IP67
- Housing material: nickel-plated brass

Technical properties	
Connection 1	HDMI (HDMI-A)
Connection 2	HDMI (HDMI-A)
Connection type connection 1	jack
Connection type connection 2	jack
Dust cover	Non-losable (service)
Suitable for degree of protection (IP)	IP67
Type of housing	Nickel-plated brass
Type of locking	M25
screened	True

Available variants

ArtNr.	Bezeichnung	Colour
IP67DFKHDMIFLHS	IP67 Metal adapter, M25, HDMI, F-F, A-A, service port, guy rope	metall

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.
