

DATASHEET

NetXpert XG2 up to 10Gbit/s, Network-/Cabling-,Qualifier

General data

New standards defining data rates up to 10Gbit/s are big challenge for latest generation qualifiers. Particularly cabling for wireless access points has to support ever increasing data rates. In order to verify if the cabling installed is able to support the increased data rates, operators need to perform adequate testing before commissioning the network, to avoid any unpleasant surprises.

NetXpert XG enables you to meet the new challenges now!

SFP Transceiver are not included in scope of delivery

Technical properties

Dimensions	245 x 177 x 73 mm
Measured value memory	Ja
Operating Temperature	-10 - 60 °C
Storage Temperature	-30 - 70 °C
Suitable for network protocol measurement	Ja
Type of indication	Touch screen

Available variants

ArtNr.	Bezeichnung	Model	Suitable for
NX_XG2_10G	NetXpert XG2 up to 10Gbit/s, Network-/Cabling-,Qualifier	CAT 6A Qualifier	Twisted Pair

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a
