DATASHEET

Vertical Cable Management 47U, 1 Piece, RAL7035, for PRO

General data

The vertical cable duct from EFB-Elektronik is designed for orderly cable management on the side of the 19" level and is intended for the PRO cabinet series. The cable tray in grey with RAL 7035 uses steel as a material and combines a robust design with a removable front cover with quick-release fastener.

• Vertical cable routing at the 19" level – The version is designed for lateral cable routing and is mounted on the lateral depth struts.
• Convenient serviceability – The removable front cover with quick-release fastener makes it easy to access the cable routing.
• Suitable for PRO enclosures – The solution is intended for enclosures with a width of 800 mm and supports structured integration in the enclosure design.

The design is designed for use in professional 19" installations. Mounting on the side depth struts creates a clearly guided cable routing outside the actual 19" level. With a width of 100 mm, the cable tray remains compact. For installation, it may be necessary to adjust the profile depth in the cabinet. The scope of delivery includes the vertical cable duct, the lid and the mounting material.

DATASHEET

Vertical Cable Management 47U, 1 Piece, RAL7035, for PRO

- Cabinet series: PRO
- Design: Cable tray
- Colour: grey
- RAL number: 7035
- Material: Steel
- Width: 100 mm
- Suitable for housing width: 800 mm
- Construction/use: For vertical cable routing on the side of the 19" level
- Construction/use: Mounting on the lateral depth struts
- Construction/use: Removable front cover with quick release buckle
- Construction/use: Note: For installation, the profile depth in the cabinet may have to be adjusted
- Scope of delivery: 1 x vertical cable duct, cover, mounting material

Technical properties	
Cabinet Series	PRO
Material	Steel
Model	Cable trough
Packaging	Cardboard
Scope of delivery	1 x vertical Cable trough, Cover, Mounting accessories
Structure/Use	For vertical cable routing along the side of the 19" shelf. Mounts to the side depth struts. Removable front cover with quick-release fastener. Note: The profile depth in the cabinet may need to be adjusted for installation.

Available variants

ArtNr.	Bezeichnung	Colour	Depth	Suitable for enclosure building height	Suitable for enclosure building width	Width	Height	RAL-number
