DATASHEET

Vertical Cable Management 47U, 1 Piece, RAL9005, for PRO

General data

The vertical cable management system from EFB-Elektronik for the PRO cabinet series is designed for the orderly routing of cables on the side of the 19" level. The version as a cable tray in black with RAL 9005 fits into professional cabinet environments and supports clear, structured cable routing.

• Vertical cable routing with a small footprint – The cable tray is designed for lateral routing at the 19" level and makes efficient use of the available space in the cabinet.
• Convenient installation in the cabinet structure – Attachment to the side depth struts supports integration into PRO cabinet solutions.
• Rugged design with removable front cover – The steel construction and quick-release front cover make it easy to handle and provide protected cable routing.

Technically, the cable tray is designed for use in PRO cabinet series with a housing width of 800 mm. Mounting on the side depth struts creates a clearly guided vertical cable duct. The removable front cover with quick-release fastener makes it easy to access during installation and maintenance. For installation, the profile depth in the cabinet may have to be adjusted.

DATASHEET

Vertical Cable Management 47U, 1 Piece, RAL9005, for PRO

- Cabinet series: PRO
- Design: Cable tray
- Width: 100 mm
- Colour: black
- RAL number: 9005
- Material: Steel
- Suitable for housing width: 800 mm
- Construction/use: For vertical cable routing on the side of the 19" level; mounting on the side depth struts; removable front cover with quick-release fastener; Note: for installation, the profile depth in the cabinet may have to be adjusted
- Scope of delivery: 1 x vertical cable duct, cover, mounting material

Technical properties	
Cabinet Series	PRO
Material	Steel
Model	Cable trough
Packaging	Cardboard
Scope of delivery	1 x vertical Cable trough, Cover, Mounting accessories
Structure/Use	For vertical cable routing along the side of the 19" shelf. Mounts to the side depth struts. Removable front cover with quick-release fastener. Note: The profile depth in the cabinet may need to be adjusted for installation.

Available variants

ArtNr.	Bezeichnung	Colour	Depth	Suitable for enclosure building height	Suitable for enclosure building width	Width	Height	RAL-number
