DATASHEET

Set 10“ 4U wall housing grey RAL7035 including accessories for self-assembly

General data

The 10" 4U Wall Enclosure Basic from EFB-Elektronik in Grey RAL 7035 is designed as a complete set for individual self-assembly for home and SOHO networks. The screwed, pre-assembled and dismountable fixed frame construction creates a stable basis for compact 10-inch installations.

• 4U in 10-inch increments with a depth of 300 mm – Creates a compact installation situation for network and IT components and remains easy to handle even in small installation environments.
• Bolted, pre-assembled and dismountable fixed frame – Reduces assembly effort and ensures a stable base during operation.
• Full glass door made of certified safety glass, 4 mm, lockable and smoke-coloured – Allows visual inspection of the equipment and can be flexibly adjusted thanks to the interchangeable door hinge.

DATASHEET

Set 10“ 4U wall housing grey RAL7035 including accessories for self-assembly

In terms of technical design, the housing combines a front-facing mounting level with passive ventilation and IP20 protection. The powder-coated surface, the load capacity of 30 kg and the cable entries over the roof and floor, each measuring 145 x 70 mm, are designed for use in controlled indoor areas. With a width of 312 mm and a height of 215 mm, the set remains compact and supports clean integration of the components.

Technical details
- Number of doors: 1
- Degree of protection: IP20
- Type of ventilation: passive
- With roof panel: Yes
- With front door: Yes
- With side panels: Yes, not openable
- Mounting level: front
- Front door version: full glass door made of certified safety glass (4 mm), lockable, smoke-coloured
- Front door opening angle: 120°
- Scope of delivery: 1x cabinet, 1x brush strip, 1x plastic cover, mounting material, 2x keys
- Packaging: 1 box with carrying handle

Technical properties	
Cabinet Series	10" Wall Housing BASIC, SET
Cable entry roof/floor	Roof + Baase, each 145 x 70 mm
Degree of protection	IP20
Demountable	True
Door hinge reversible front door	Yes, by rotating the case 180°
Door opening angle front door	120 °
Frame	screwed together, pre-assembled, disassemblable
Installation depth min. - max.	68 - 248 mm
Material	Steel
Model	With permanent frame
Modular spacing	254 mm (10 inch)
Mounting level	Front side
Number of cartons	1
Number of doors	1
PHC replaceable front door	No
Packaging	1 cardboard box with carrying handle
Scope of delivery	1x Cabinet, 1x brush strip, 1x plastic cover, Mounting accessories, 2x keys
Structure/Use	Complete 10" network kit for individual self-assembly for your home or SOHO network.
Surface finishing	Powder coating

DATASHEET

Set 10“ 4U wall housing grey RAL7035 including accessories for self-assembly

Type of front door	Full glass door made of certified safety glass (4 mm), lockable, smoke-colored
Type of profile rail	L-shaped
Type of ventilation	Passive
With earthing	False
With front door	True
With roof plate	True
With sidewall	Yes, not openable

Available variants

ArtNr.	Bezeichnung	Colour	Depth	Height	Max. Load	Number of height units	Width	RAL-number
WGB-1004GR.30-SET1	Set 10“ 4U wall housing grey RAL7035 including accessories for self-assembly	grey	300 mm	215 mm	30 kg	4 U	312 mm	7035

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product’s suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.
