

DATASHEET

Copper Cable Certifier 500MHz

General data

Key Features:

Advanced cable certification up to 500 MHz
 Certifies to Industry standards – Class D/E/EA & Category 5e/6/6A
 Meets TIA and ISO Level III accuracy requirements
 Certification testing of Patch cords
 Industrial Ethernet testing with RJ45 and M12 connectivity, E2E link testing
 Advanced reporting and documentation
 Affordable certifier for premise cabling and Industrial Ethernet
 Possible Upgrades with cost to WX4500 through softwareupdate and recalibration

Includes:

2 Measurement units, LOCAL and REMOTE
 Pair of CAT 6A channel adapters, Pair of CAT 6A link adapters
 2 headsets, Li-Ion batteries, Power supplies, USB thumb drive, Soft carrying case, Calibration certificate and reporting software

Technical properties

Measured value memory	Ja
Operating Temperature	-10 – 60 °C
Suitable for network protocol measurement	Ja

This datasheet was created automatically on 17-09-2026 . Technical changes reserved.

DATASHEET

Copper Cable Certifier 500MHz

Type of indication	Touch screen
With PC/printer interface	True

Available variants

ArtNr.	Bezeichnung	Model	Suitable for
WX500	Copper Cable Certifier 500MHz	Cat-6A certification set	Twisted Pair

Note on Intended Use

This data sheet is intended solely to describe the technical characteristics of the product. It does not replace an assessment of the product's suitability for a specific application. The user is responsible for ensuring that the product is used in accordance with its technical specifications and applicable legal and regulatory requirements.
